SCHOOL PPE PURCHASE PROGRAM

First Light has donated 90,000 masks as a way of supporting the school bus industry. Through the program, we realized that there are many schools in dire need of PPE. Due to the tremendous response from our mask donation program supported through NASDPTS (National Association of State Directors of Pupil Transportation Services), with more demand than masks to donate, we are rolling out a **temporary School PPE Purchase Program that will enable schools to have guaranteed supply at better than market prices.** Our goal is to provide schools access to PPE, allowing everyone to get back to the new normal with one less headache to worry about.

SPECIAL PRICING FOR SCHOOLS

DEDICATED SUPPLY
FOR SCHOOLS
